## **Sports Day – Thursday 8 July**

In Covid times we are always striving to try and hang on to those events that are special to us. We will be having our Sports day on Thursday 8 July. Mr Webb has come up with a great covid version of our usual Sports Day with a variety of activities and running on the track. The difference will be that this will be in class bubbles.

The Junior sports will be in the morning and Infants in the afternoon. Each bubble will be split into 4 coloured teams; Orange, Yellow, Purple and Green. The points earned by each colour will be added together to give an overall winning team that will have children from each of the class bubbles.

Some time ago, the PTA bought coloured tabards for the children to wear for such events. Therefore, all that the children need to wear is their PE kit that day and make sure they have their water bottle, a hat and sun cream applied before they come to school.

Unfortunately, parents will not be allowed to attend but there will be lots of photographs and short videos on Seesaw and Tapestry.

## **The last day of the year**

We are planning to make our last day a very special one for the children after a very challenging year. One aspect will be for all bubbles to have lunch together on the school field. They will sit and play in their bubble zones. So all children who have a school lunch will have a picnic 'cat bag' that day only. If your child normally has a hot lunch then they will be provided with a Cat Bag. If you would prefer them to have their own packed lunch please inform the school office. On that day too, the children can come into school in PE kit or their favourite sports kit and make a donation of £1 to our PTA to boost their fund to start afresh in September.

## **School Photos**

To order your child's class photo click or copy and paste into your browser-

Password- **summertime** (all lower case)

We are getting rid of the tropical fish tank in the computer suite. It is in full working condition and comes with the base. It is 120cm high, 98cm wide and 40cm deep. We are happy for any family to collect this from school for free if they would like it or a donation to the PTA. Please email [admin@egerton.cheshire.sch.uk](mailto:admin@egerton.cheshire.sch.uk) if you (or someone you know) could make use of it.

### Year 5

In our Science lesson we carried out our own investigation into the effects of air resistance on different parachutes.

We had to explain the effects of air resistance and how this affects objects when falling on Earth.

The perfect parachute is the one that makes a person fall the slowest. It will cause air resistance to push it up with the biggest force.

Great Fun being a scientist in the Sun!!!

This week, Reception class had fun making a wormery. We watched a video and learnt some fun facts about worms along the way. Once we had made the wormery, we searched outside for worms. We are looking forward to seeing how they're doing next week.

In Science this week, Class 1 learned about deciduous and evergreen trees and classified some before going on a tree hunt. We found almost all on our list.

After learning about and analysing the work of Vincent Van Gogh, we had a go at replicating the Three Sunflowers. Super impressed with everyone's perseverance!

Year 4 had a brilliant time playing football in their MultiFlex PE slot this week. The sun was out and they were inspired by a certain Euro victory earlier in the week.

This week in Year 3, the children explored The Trojan War. We had a go at freeze-framing the story!

Year 6 have been busy all week with rehearsals, sorting out costumes and making props for their end of year production of A Midsummer Night's Dream. Very magical...

Year 2 have been practicing their sewing skills this week. We are making bunting.

**EGERTON PRIMARY SCHOOL**  
**HOLIDAY DATES 2021/22**

	<b>School Closes</b>	<b>School Re-opens</b>
Autumn Term	Friday 16 July 2021	Monday, 6 September 2021
