

# Egerton Primary School

## Reception 2022 – Parents' Views

### Why did you choose Egerton?

Impressive visit back in 2021. Like the ethos and focus on the child rather than just attainment and tables. My daughter was very comfortable on the visit and said this is the school she wanted to come to.	The focus on keeping children to enjoy their childhood which was evident on the open evening. In a different school we visited it felt a lot more results based.
Welcoming, positive, supportive environment. Global outlook.	Compact, involved, smaller and inclusive.
Local, small/1 form, friendship groups established in preschool. Ethos and values.	Family environment. Awareness and connection with the wider world. Safe and encouraging support. Mindful support.
Really lovely impression of Head and school. Good reputation. Good moral standards. Friendly and welcoming.	Focus on mental health and wellbeing. Preparing for an unknown world.
Nurturing, family environment. Focus on emotional intelligence and wellbeing. Preserving childhood. FUN!	Alison's leadership. Covid was a challenge that was managed with great effect. The joyful stories that Jack brings home to us. Succession planning of teachers. Trust and belief – above all else I believe and trust with develop my boys.
The best headteacher! A nurturing environment. School feels so special. Creates a happy environment meaning our children want to be here every day. Covid was hard but everyone at Egerton made it much easier.	The school ethos and the way Mrs Hooper spoke about preparing the children for the future and putting their well-being first.
On the parent tour, our daughter came with us. When she walked into the classroom she went straight to the reading corner and sat down. She looked very happy and settled. Eliza spoke with the staff members. It was a great thing to watch.	Egerton Primary School is such an amazing school. My eldest was here last year, even only been few months, but I am so happy with her academic and best attitude that she learnt from school. Wold be very proud to join again for my youngest daughter.
